—The dry cold weather of the early winter months is productive of a great deal of croup among children. Mothers should be on the lookout for it, and be prepared to arrest it as soon as the first symptoms appear. True croup never comes without a warning; a day or two before the attack the child will become hoarse, and that symptom is soon followed by a peculiar, rough cough. If Chamberlain's Cough Remedy is given as soon as this hoarseness or cough appears, all danger and anxiety may be avoided. It has never failed, even in the most severe cases. There is no danger in giving the Remedy for it contains no injurious substance. For Sale by G. C. Thaxter.

—DIED.—At Petaluma, Cal., December 15, 1889, Barkley Cary, aged 59 years.

Deceased was one of the locators in Carson Valley, where he owned a fine ranch, which he sold a few years since, removing with his family to California. He was half brother to W. M. Cary, of the Arlington Hotel, and a man highly respected by all who knew him. Mr. Cary leaves a wife and two grown up twin sons.

—The Grand Juries of Washoe and Elko counties are dabbling in the State legislation in their reports and advising their representatives how to vote on certain bills. These Grand Juries we are informed are mostly composed of disappointed candidates for legislative honors, and a man must be a crank who would pay the slightest attention to them.

—The APPEAL has just received from Blake, Moffitt & Town samples of a new safety check paper. Checks written on this paper can not be raised or altered without detection. We have ordered five quires. Hereafter we have lost many thousands of dollars, by people raising checks on us along with old notes etc. This kind of paper will prove a boon to publishers.

—TO THE EDITOR OF THE APPEAL:—The petition from Washoe County to the Legislature, asking for woman suffrage contains a large list of names, and among these names are the signatures of many of the most prominent citizens of the county.

## A Woman of Nerve.

Mrs. Benjamin Biddle's nerve is the wonder of San Diego. While running the press in her husband's printing office, her left foot caught in the treadle and the upper joint of her second toe was taken off. Biddle went for a surgeon, but none would dress the toe for less than \$125 and she said she would pay no such bill. She took a razor, cut off all the shreds of flesh, picked out the splintered bones and dressed the toe herself. She is now running the press with her other foot.

## A Pleasant Resort.

Members and Attachés of the Legislature and the other Winter sojourners at the Capital, can find no pleasanter place of resort for reading the latest papers and magazines and selecting popular books than at Cagwin and Noteware's corner store—diagonally opposite the B. & E. Bank on Carson street. Here can always be found all sorts of plain and fancy stationery and general office supplies; besides an endless variety of novelties.

## Jewelry Display.

There is a glittering display of jewelry, diamonds, ladies' watches in the show window of the Rinckel building. The designs are of the latest, and will be sold during holidays, at prices which can not be duplicated in the State.

The assortment embraces all kinds of the most fashionable jewelry and tableware. Call and inspect goods and prices.

## Lottery Items.

The Elko Independent says:

The Independent is not in favor of authorizing a lottery, provided our present gambling laws be repealed; but why discriminate against a less evil when a greater is made legitimate by an act of the Legislature?

It is perfectly legitimate under the laws of our State for one, who pays a license for the privilege, to impoverish a man and send his wife and children to beggary through a faro game, but to permit a man to invest a dollar in a lottery ticket "means good-bye to the last vestige of political liberty in Nevada," to quote from a circular now before us.

A circular warning the people against the proposed scheme to authorize a lottery in this State is being extensively circulated.

Whenever the Legislature repeals the Act licensing stud-horse poker, faro, keno and other devices for obtaining money without an equivalent; whenever our lawmakers make it a penal offense to carry on the very worst forms of gambling, then we shall oppose a Nevada State Lottery. This great outcry reminds one of that passage of scripture which speaks of those who "gap at a gnat and swallow a camel."

## The Saddest Yet.

The Sacramento Bee thus laments the abstemious proclivities of Governor Waterman:—"The reception at Governor Waterman's residence last evening is declared by the Democratic Legislators to have been a very enjoyable event—barring the fact that the host and hostess did not provide the guests with anything stronger than lemonade. This they regarded as a direct attack upon recognized Democratic principles. They had smacked their lips in anticipation of the champagne that was not opened; even in the absence of this sparkling beverage they would not have grumbled had the sideboard contained a bottle of bourbon.

Now they accuse the Governor of copying too closely after the temperance principles displayed by President Hayes and his wife during their reign in the White House. "That's the last time Governor will ever get me so far from a drink," remarked one who was there.

## Poor Liquor.

No man can vote intelligently on a bill if his brain is clogged with poor whiskey. The only way to be certain is to procure your liquor and wines of Leslie Bell.

## Baths.
